WHY OTHERS HAVE CHOSEN TO TRAIN WITH DIANE

- "I have been riding for over 30 years in various disciplines and have had numerous instructors over that period. I can say without hesitation that **Diane is the best instructor I have ever had** the pleasure to work with."
- **To say that Diane is an excellent riding instructor is true but totally inadequate...**We are able to ride and compete among the best in our country with total confidence..."
- **Diane is a wonderful teacher.** Her love of horses shines through and underlies everything she does. She is genuinely interested in you and your horse whatever your level..."
- **"In a relatively short time I have come a long way...The results have been amazing – my horse and I have connected and I have learnt feeling for the first time!"**
- **I have been training with Diane for over a year now, and the change in Tigo has been quite astounding....**I had help from three different dressage trainers over about 3 years, and despite success at regional level, including qualification for the National dressage championships and qualification for and placings at two Winter dressage championships, his training was not progressing beyond elementary level and was not correct. He is now working towards advanced medium, in true collection and self carriage, and I cannot thank Diane enough for the help and inspiration that she has given to me;
- **"Diane inspires confidence because she has an impeccable background in classical horsemanship...**She is totally reliable and consistently kind, good humoured and supportive. What more could anyone ask for in a teacher?"
